Summary

Dynamic and results-oriented IT professional with over 15 years of experience in the technology sector, specializing in Site Reliability Engineering (SRE) and DevOps practices. Proven track record of leading teams, driving operational excellence, and implementing innovative solutions to enhance system reliability and performance.

Skills

- **Leadership:**
 - Led cross-functional teams in high-pressure environments, fostering collaboration and innovation.
 - Mentored junior engineers, promoting professional growth and knowledge sharing.
 - **SRE/DevOps Skills:**
 - Infrastructure as Code (IaC) using Terraform and CloudFormation
 - Continuous Integration/Continuous Deployment (CI/CD) pipelines with Jenkins, GitLab CI, and CircleCI
 - Monitoring and logging with Prometheus, Grafana, and ELK Stack
 - Containerization and orchestration using Docker and Kubernetes
 - Cloud platforms: AWS, GCP, Azure
 - Configuration management with Ansible and Puppet
-

Professional Experience

Amadeus, Miami

SRE Lead

01/2009 - Present

- Spearheaded the SRE team, implementing best practices that improved system uptime by 30%.
- Developed and maintained CI/CD pipelines, reducing deployment times by 50%.
- Collaborated with development teams to enhance application performance and reliability.
- Conducted regular training sessions for team members on SRE principles and tools.

World Fuel, Miami, FL

DevOps Engineer

08/2007 - 01/2009

- Implemented automated deployment processes, leading to a 40% reduction in release times.
- Worked closely with the IT operations team to ensure system reliability and performance.
- Assisted in the migration of legacy systems to cloud-based solutions, improving scalability.

Cable & Wireless Jamaica

Systems Administrator

01/2005 - 08/2007

- Managed server infrastructure, ensuring high availability and performance.
- Developed scripts for automation of routine tasks, enhancing operational efficiency.
- Provided technical support and training to staff on system usage and best practices.

Education

Masters of Computer Science

XYZ University, Location
